

Senior Consultant eDMS / ECM in Life Science IT-Systems [&] Processes (m/f/d)

MAIN5 GmbH & Co. KGaA is an independent and successful management consulting firm headquartered in Frankfurt am Main, Germany. We resolve key issues facing our clients in a durable and reliable way. Such issues are highly relevant in an increasingly competitive international market.

Our focus is on top companies in the life sciences sector. This is the industry in which we are at home and in which we can demonstrate a long-term record of success in defining, implementing, and adopting pioneering methods, strategies, and solutions. We apply our expertise in our consulting work.

To strengthen our IT-Systems & Processes business unit, we are looking for a

Senior Consultant eDMS / ECM in Life Science IT-Systems & Processes (m/f/d)

Your duties:

- You have at least 3 years professional experience in the realization of software projects in the field of eDMS / ECM / Content Services, preferably on the technology basis of EMC²-Documentum / Opentext
- You have professional experience in research & development and / or regulatory affairs in the pharmaceutical industry
- You already have convincing project successes in the definition, moderation, selection and introduction of regulatory processes and suitable IT solutions
- You support the project team in the analysis of customer requirements and the creation of solution concepts for later implementation
- You document and present results in direct dialogue with our customers
- You gain extensive knowledge of the industry and its specific requirements
- You take responsibility for your tasks and lead them independently to results

Your profile:

- You have successfully completed or are currently studying in the technical or scientific field
- You have very good knowledge in the area of enterprise content management, document management
- Ideally, you have a good understanding of the processes and systems within the life sciences industry with a focus on research and development
- You enjoy new topics and new tasks in a complex environment
- You like to think in solutions, using their creativity and analytical skills in the team
- You have very good communication and presentation skills
- You have a high level of social competence, like to work results-oriented in a team and are ready to travel (D-A-CH)
- You are confident in using the Microsoft Office suite (primarily PowerPoint, Excel and Word)

What we offer:

- We offer individual development and professional coaching by our experienced colleagues
- We offer exciting projects and enriching challenges in an interesting market segment with top-class customers
- You work in an international environment and belong to a highly motivated and excellent team
- With us you will find promising development opportunities in a demonstrably dynamically growing company
- We offer flexible working hours, home office, "state of the art" technology for collaboration in a virtual organization, performance-based compensation, fairness, openness, freedom for individuality, regular team events and a lot of enjoyment at work

Your application:

Please send your complete application with cover letter, résumé, and – if appropriate – relevant references and certificates to Gero Neidlinger, e-mail: recruiting@main5.de.
