

Senior Consultant – Computerized Systems Validation (m/f/d)

MAIN5 GmbH & Co. KGaA is an independent and successful management consulting firm headquartered in Frankfurt am Main, Germany. We resolve key issues facing our clients in a durable and reliable way. Such issues are highly relevant in an increasingly competitive international market.

Our focus is on top companies in the life sciences sector. This is the industry in which we are at home and in which we can demonstrate a long-term record of success in defining, implementing, and adopting pioneering methods, strategies, and solutions. We apply our expertise in our consulting work.

To strengthen our Quality management business unit, we are looking for a

Senior Consultant – Computerized Systems Validation (m/f/d)

Your duties:

- You will actively support our customers in the conception and implementation of validation measures with a focus on Research & Development (R&D) and for adjacent regulatory relevant business solutions
- You will be responsible for managing computer system validation projects for our clients, taking into account quality, cost and deadline requirements
- The integration of participants from different disciplines is just as much a part of your tasks as the consultation of executives and sponsors

Your profile:

- You have already several years of professional experience in computer system validation (CSV) in several projects
- You have experience in the development of validation plans and their implementation and know how to find and implement viable solutions in an environment of competing interests
- You have sound practical experience in the application of relevant regulations (EMA, FDA, OECD, etc.) and know how to derive practicable measures according to GAMP5
- You are empathetic and have a high social competence, like to work result-oriented as an expert as well as Team players and are ready to travel (D-A-CH)
- You have successfully completed a technical or scientific degree

What we offer:

- We offer enriching challenges in an interesting market segment with top-class customers and exciting projects
- You work in an international environment and belong to a highly motivated and excellent team
- We offer individual development and professional coaching by our experienced colleagues
- With us you will find promising development opportunities in a demonstrably dynamically growing company

Your application:

Please send your complete application with cover letter, résumé, and – if appropriate – relevant references and certificates to Gero Neidlinger, E-mail: recruiting@main5.de.
